Southlake: MARIANA ROSS, CASSIDY STORTS

Austin: BRITTANY THIEL, PAULINA RODRIGUEZ

Illinois: KELLY MINARICK

Telehealth: ALL

ADDITIONAL INFO

- **SELF-PAY CLIENTS:** \$175-\$210 FOR INITIAL VISIT (60-90 MIN) AND \$70-\$140 FOLLOW-UP VISITS (30 MIN-1 HR)
 - If the client is insured, but they do not have an MNT benefit on plan, we will still attempt to bill the insurance before collecting from them. If the claim denies, we will charge them our contracted rate with their insurance carrier rather than the self-pay rate (usually a lower rate).
 - Clients are responsible for verifying their own 'nutrition counseling' benefit prior to their appt.
- **AETNA/MERITAIN CLIENTS:** These clients are limited to 1hr of nutritional counseling per day.
- **HMO CLIENTS:** If the client has a BCBS HMO or UHC HMO plan, they require a referral authorization from their insurance plan. Please contact our office to see which RD/location the referral auth should be placed under. When you give the insurance our dietitian's info, please request the max # of benefits allowed. Once the auth is approved by insurance and faxed to us, we will contact the client to schedule.
- **PPO CLIENTS:** Just fax over a referral with reason for visit and demographics and we will call the client to schedule within 48 hours - easy peasy!
- **MEDICARE PART B/ADVANTAGE CLIENTS:** If you are referring a Medicare Part B/Medicare Advantage client, please fax a referral with the client's diagnosis of Type 1 DM, Type 2 DM, CKD, or kidney transplant status (within past 3 years). Those are the only diagnoses accepted by Medicare for nutrition counseling coverage.
